April 15, 1977

Dear Mr. Weisberg:

Pursuant to your request under the Privacy Act, a search of U.S. Information Agency files was made and no listing under the name Harold Weisberg was found.

In your letter of April 1, 1977, you specifically indicated that certain records concerning you should be maintained in the European Division of USIA. I was informed by representatives of the European Division that their files are kept current for two years. So, therefore, if material pertaining to your request was dated before 1974, there is a possibility that it has been destroyed.

If you have any information which you feel might be helpful, please send that information to this office.

Sincerely,

Charles Jones, JR.
